Forecast For Scotland
Issued by Met Office Aberdeen
at 0400 on Sunday 19 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rain places this morning, drier from the west this afternoon.

Today:
Cloudy morning with outbreaks of rain. Drier and brighter weather will gradually extend eastwards this afternoon, although the far east may stay cloudy until late. Rain lingering across Shetland.

Tonight:
Dry this evening with clear periods. The rest of the night will remain dry with mostly clear skies, although cloud and some light rain will reach the northwest later.

Monday:
Much of Scotland will have a dry day with some sunshine, although clouding over from the west in the afternoon. A few light showers in the northwest and Northern Isles.

Outlook for Tuesday to Thursday:
Dry, bright on Tuesday but becoming windy later, gales in the northwest on Tuesday night. Unsettled on Wednesday and Thursday with showers or longer spells of rain.
